

## ELP (extended learning program):

Daily tutoring program runs from 4:15pm – 5:15pm. A snack will be provided. Parents have the choice to pick up your child (promptly at 5:15pm) at school, or at a predetermined drop-off point. ELP entry forms can be requested from one of your child's teachers, or picked up from the front office.

## On-Line Math Help (Free)

### Khanacademy.org

1. Scroll down to "Math by Grade"
2. Click "7<sup>th</sup> grade"
3. Click a unit (like Expressions, equations, and inequalities that we just finished).
4. Scroll down and simply click right on a specific content area (look for the title or similar topic that we are currently working on, or a previous topic that you need more help with).
5. Each area starts with the basic information.
6. There are usually 3 – 6 "how to" videos within each content area that start easy, and get progressively harder with each new video
